

Baxter Survey Portal 1st Annual Benchmark FALLPROOF Survey October 1 - 31, 2026

clinical.baxter.com

Introducing the Baxter Survey Portal FALLPROOF Survey:

One of our commitments to ensure patient safety is the prevention of patient falls. Since 1989, Baxter has been committed to advancement in the knowledge of pressure injuries, with the International Pressure Ulcer/Injury Survey also known as IPUP/IPIP. Expanding on this scope, we are pleased to offer the FALLPROOF survey.

What is the FALLPROOF Survey?

- A point prevalence patient falls survey designed to assess risk factors associated with patient falls and monitor protocol adherence and highlight evidence-based practices to better understand patient fall events.
- The FALLPROOF Survey engages leadership and offers analysis of fall prevention practices and continuous staff training aimed at improving patient outcomes.

FALLPROOF Survey Core Features:

- Streamlined online data entry process.
- Simplified General/Chart and Observational sections for efficient documentation.
- Interactive reporting capabilities provides timely report access.
- Provides trending data to monitor fall prevalence rates.

FALLPROOF Survey Goal Determination:

- How does your facility compare to national FALLPROOF benchmarks?
- Are fall prevention programs consistently followed at your site?
- When was the last time fall events were reviewed at facility?
- Would regular fall tracking assist with meeting your safety goals?

FALLPROOF Survey Participation:

- WHO – Acute Care, LTAC, LTC and Rehabilitation facilities in United States and Canada.
- COSTS – FALLPROOF Survey and Report are offered at no cost.

What You Get:

Facility Based FALLPROOF Survey Results:

- Facility/Unit Fall Prevalence
- Fall Risk Assessment Analysis
- Protocol Guideline Adherence Data

Benchmark FALLPROOF Survey Results:

- Compare your facility's fall prevalence to participating peer organizations.
- Provides comparisons of protocol adherence on a National level.

Survey Dates: October 1 - 31, 2026

Registration Information

Facilities can register from September 3, 2026 - October 16, 2026 and select the best 24hr period to conduct their survey during the month of October.

Register Online: clinical.baxter.com

Baxter Survey Portal Hotline: 888-467-4839 | HRC_Information_Program_Team@baxter.com

FALLPROOF Survey Process:

- Select survey date and register.
- Select FALLPROOF Settings and Bed Models for survey.
- Schedule staff and set up workflow (laptops, mobile devices or paper) and review survey process and Training Materials.
- Facility conducts survey and views facility level reports within hours.
- National Benchmark Reports will be available mid-December.

Letter	Description	Key Focus
F	Fall	Primary focus of the program
A	Assessment	Evaluating risk factors associated with falls
L	Leadership	Implementing effective fall prevention strategies
L	Learning	Continuous education and training for staff and participants
P	Prevention	Reducing the incidence of falls
R	Review	Regular evaluation of strategies and outcomes
O	Outcomes	Measuring the results of fall prevention efforts
O	Optimization	Refining and improving fall prevention practices
F	Framework	Structured approach to implementing fall prevention strategies
